

RESIDENTIAL & COMMERCIAL FILMS

ADVANCED COATINGS for your HOME AND OFFICE

- The most advanced films available on the market today
- The most comprehensive warranty programs
- Our films reject nearly 80% of the total solar energy
- Increased energy efficiency reduces utility bills
- Many of our films have the U.S. Energy Star rating
- All of our films block > 99% of the UV light-*the main cause of fading*
- Reduction of visible light eases glare and further reduces fading
- Hi-performance metallized films available
- Ceramic films are available for enhanced performance and aesthetics
- Spectrally-selective films are available for clear heat control
- Lifetime warranties are standard on residential installations
- 10, 12, and 15 year warranties available on commercial installations
- 5 year glass breakage, 3 year seal failure warranties are standard

Extended warranties are available
